Nos. 343 - 354. May, 1949 - April, 1950.

A

Aalborg, Port of, 97,
Administration, Co-ordination and Development of United States Ports, 297,
Admiralty, 150-ton Floating Crane for, 28,
Africa, Navigable Waterways of, 75,
American Rivers and Harbours, 71,
Amsterdam, Port of, 142,
Antwerp, Port of, 142,
Automatic Electric Tide Gauge, The, 178,

B

Barge Building by Mass Production, 218,
Barge Fleets, Testing Integrated, 122,
Barge Propulsion Method, New, 315,
Beach Erosion and Shore Protection, 213,
Belfast Harbour Commissioners, 379,
Belgian Ports of the North Sea, Model Experiments on the, 169, 201, 237,
Bells as an Aid to Marine Navigation, 332,
Biology of Harbours, The Study of the Marine, 282,
Book Reviews :—
- Annales des Travaux Publics, Belgique, Numero Jubilaire, 1843-1948, 105,
- Annales des Travaux Publics de Belgique, 20,
- "Binde-und Zusatzmittel fur Mortel und Beton," 106,
- Design and Construction of Reinforced Concrete Bridges, 51,
- Design, Construction and Maintenance of Docks, Wharves and Piers, 278,
- "Die Mineralischen Baustoffe," 106,
- Dredging of Harbours and Rivers, 278,
- Earthworks, 199,
- Equations Developed in India for Flow and Alluvial Channels, 138,
- History of Structural Engineering, 199,
- La Houille Blanche, 199,
- La Technique des Travaux, 199,
- London Bridge and the Pool, 106,
- London, Port of, 106,
- Memoires et Travaux de la Société Hydrotechnique de France, 80,
- Mersey Estuary, 51,
- Port Operation and Administration, 334,
- Ports of the United Kingdom, 105,
- Ports of the World, 106,
- Stevedore's Handbook, 138,
- Submerged, or Overflow Weirs, 199,
- Timber Buildings, 199,
- Vizugyi Kozlemenyek, 334,
- Warne's Metric Conversion Tables, 334,

Bore, The Hangchow, 262,
Boring for Oil, Off-Shore, 59,
British Transport, Report on, 180,

C

Caledonian Canal Embankment, 1947, The Repair of a Breach in the, 92,
Canadian Ports, 58,
Canal Transport Policy, Suggested Outline for a, 265,
Cargo Gear, Shipboard, 274,
Cargo Handling Problems, 348,
Cargo Inspection Service, International, 328,
Chain of Rocks Canal, 107,
Chittagong, Port of, 31,
Clyde and the Development of the Port of Glasgow, A History of the River, 148,
Coal, Mechanical Stacking of, 346,
Coastal Surveys, 22,
Coast Erosion, 305, 335, 369,
Coast Protection Act, The, 329,
Compression Tests on Docking Blocks, 13,
Concrete Pile Manufacture, 45,
Conservancy Officers and Hydraulic Research, 26,
Construction of Harbours, 115,
Control of Clyde Ports, 294,
Correspondence :—
- Abandonment of Canals and The Inland Waterways Association, 347,
- Canals and Inland Waterways, 105, 177, 231, 303,
- Fire Fighting at Ports, 177,
- Inland Waterways of The United Kingdom, 50,
- Model Experiments on the Belgian Ports of the North Sea, 302, 347, 358,
- Navigational Buoys, 177,
- Quay Layout, 357,
- The Future of Inland Waterways, 82,
- The Future of the Canals, 303, 304,
- The Hangchow Bore, 304,
- Tidal Models, 26, 81, 104,

Corrosion of Metals, 233,
Courts, Port Authorities and the, 185,
Crane for the Admiralty, 150-ton Floating, 28,
Creosoted Timber Wharf at Portland, Oregon, 175,

D

Deep Sea Towage, 188,
Distortion of Scales in Models with Loose Beds, 243,
Dock & Harbour Authorities' Association, 374,
Dock Fire Risks, 358,
Docking Blocks, Compression Tests on, 13,
Dock Workers, The Payment of, 110, 232,
Dredger for the Mersey, New, 76,
Dredger, New American Hopper, 248,
Dredger Propulsion by Diesel Engine, 186,
Dredgers, Radio Control for, 327,
Dredges, New Patent for Bucket, 264,
Dredging Problems and Soil Mechanics, 7,
Dry Dock for Holland, Railway, 377,
Dustpan Dredger for use of Army Engineers, 123,

E

East and West India Graving Docks, 159,
Economics of Timber Substitution, 41,
Engineering and Marine Exhition at Olympia, 153,
Evolution of Marine Radar, 11,

F

Fire at Liverpool Docks, Severe, 251,
Fire Prevention in Ships in Port, 345,
Fire Problem, The Pier, 77,
Fire Protection at Port of San Francisco, 187,
Fire Risks, Dock, 358,
Fire: Security of Port Installations and Ships in Harbours, 134,

G

Gdansk, Port of, 255,
Generator Units for Docks, Mobile, 152,
Ghent, Port of, 142,
Glasgow, A History of the River Clyde and the Development of the Port of, 148,
Graphs, Hydrographic, 83,
Gydnia, Port of, 255,

H

Hangchow Bore, The, 262,
Harbours, The Construction of, 115,
Highways for Seaways, 21,
Holland, Railway Dry Dock for, 377

Hopper Dredger, New American, 248,
Humber Conservancy, 29,
Hydraulic Models of Ports and Tidal Rivers, 55,
Hydraulic Research, Conservancy Officers and, 26,
Hydrographic Graphs, 83,
Hydrographic Surveys, 74,

I

Impact of a Vessel with a Pier, The Measurement of the, 146,
Inland Waterway Carriers, The National Association of, 250,
Inland Waterways in the United Kingdom, Oil Handling on, 300,
Inland Waterways of the United Kingdom, 8,
Inland Waterways of the United Kingdom, Ports and, 379,
Inland Waterways :—
Navigable Waterways of Africa, 75,
Rhine Navigation, 137,
Suggested Outline for a Canal Transport Policy, 265,
Institution of Civil Engineers, 376,
International Association of Navigation Congresses, 164, 206, 245, 275, 310, 340,
International Cargo Inspection Service, 328,
International Labour Organisation, 86,
International Transport, 198,
Israeli Port Developments, 141,

L

Labour Organisation, International, 86,
Le Havre, Port of, 65,
Liverpool, Port of, 223, 251, 279, 319,
Liverpool Observatory and Tidal Institute, 19,
London, Port of, 31, 279, 287,
Long Beach, Port of, 35,

M

Manchester, Port of, 3,
Marine Biology of Harbours, The Study of the, 282,
Marine Radar, 114,
Measurement of the Impact of a Vessel with a Pier, The, 146,
Mechanical Handling of Pit Props, 347,
Mechanical Stacking of Coal, 346,
Mersey and the Port of Liverpool, The River, 319,
Mersey, New Dredger for the, 76,
Metals, The Corrosion of, 233,
Migrations of a Sicilian River's Mouth over Eight Centuries, 182,
Milwaukee, Port of, 351,
Model Experiments on the Belgian Ports of the North Sea, 169, 201, 237,
Models of Ports and Tidal Rivers, Hydraulic, 55,
Models with Loose Beds, The Distortion of Scales in, 243,

N

National Association of Inland Waterway Carriers, 250,
National Dock Labour Board, 42,
Navigable Waterways of Africa, 75,
Navigation, Bells as an Aid to Marine, 332,
Newcastle, Port of, 279,
Notable Port Personalities :—
LXI—Mr. Arthur H. Abel, 268,

O

Off-Shore Boring for Oil, 59,
Oil Handling on Inland Waterways in the United Kingdom, 300,

P

Packaging Standards, 181,
Pallet Standardisation, 139,
Payment of Dock Workers, 110, 232,
Pier Fire Problem, 77,
Pile Manufacture, Concrete, 45,
Pilferage Prevention Methods, 125,
Piferage Problem, The, 200,
Piling, Some Views on the Selection of Steel Sheet, 361,
Pit Props, Mechanical Handling of, 347,
Polish Ports, 255,
Polish Rescue Vessels for Service in Baltic, New, 365,
Port Authorities and the Courts, 185,
Portland, Oregon, Creosoted Timber Wharf at, 175,
Ports and Inland Waterways of the United Kingdom, 379,
Port Terminal Design and Operation, 330,
Prevention of River Pollution, 304,
Production and Study of Ocean Waves in the Laboratory, 280,

Q

Quartette of Great Ports, A, 142,
Quay Layout, 269,

R

Radar at Wallasey Ferry, New, 109,
Radar for Harbour Control in the U.S.A., Use of Shore-Based, 326,
Radar in Restricted Waters, 52,
Radar, Marine, 114,
Radar, The Evolution of Marine, 11,
Radio Control for Dredgers, 327,
Railway Dry Dock for Holland, 377,
Rhine Navigation, 137,
Rio de Janeiro, Port of, 30,
River Pollution, Prevention of, 304,
Rotterdam, Port of, 142,

S

San Francisco, Fire Protection at Port of, 187,
Seaways, Highways for, 21,
Security of Port Installations and Ships in Harbours, 134,
Shipboard Cargo Gear, 274,
Shore Protection, Beach Erosion and, 213,
Sicilian River's Mouth over Eight Centuries, The Migrations of a, 182,
Slipway, New Type of, 308,
Soil Mechanics and Dredging Problems, 7,
Some Factors affecting the Turn-round of Shipping at British Ports, 295,
Some Views on the Selection of Steel Sheet Piling, 361,
Suez Canal, 191,
Surveys, Coastal, 22,
Surveys, Hydrographic, 74,
Szczecin, Port of, 255,

T

Tel-Aviv, Plans for New Harbour at, 141,
Testing Integrated Barge Fleets, 122,
The Thames Estuary and the Port of London, 287,
Tide Gauge, The Automatic Electric, 178,
Timber Substitution, The Economics of, 41,
Timber Wharf at Portland, Oregon, Creosoted, 175,
Towage, Deep Sea, 188,
Transport, International, 198
Transport Policy, Suggested Outline for a Canal, 265,
Trieste, Port of, 129, 199,
Tugs and Towage, 366,
Turn-round of Shipping at British Ports, Some factors affecting the, 295,

U

U.S.A.: American Rivers and Harbours, 71,
U.S.A.: Dustpan Dredger for use of Army Engineers, 123,
United States Ports, The Administration, Co-ordination and Development of, 297,
Use of Shore-Based Radar for Harbour Control in the U.S.A., 326,

W

Wallasey Ferry, New Radar at, 109,
Waves in the Laboratory, Production and Study of Ocean, 280,
West India Graving Docks, The East and, 159,
